

Deltainox Overseas

**COMPANY
BROCHURE**

Transforming visions
into reality,
DELTAINOX OVERSEAS,
Your partner in progress

FOUNDER STATEMENT

At Deltainox Overseas, we're proud to be the top stockist and importers of Pipes / Plates / Fittings. Since the start, we've stayed dedicated to delivering top-notch products, earning a reputation for quality and reliability. We serve various global industries, including Petroleum, Oil & Gas, Chemical, Fertilizer, Pharmaceuticals, Energy and many more.

Our journey is driven by a commitment to customer satisfaction and a continuous push for supplying excellence. Recognizing the vital role our products play in projecting success, we always strive for improvement.

As the founder, I believe our focus on quality and customer satisfaction will lead us to new heights. Our future goal is to develop a professional business affiliation by rendering excellent quality of product and services for long term.

The journey ahead is exciting, and we invite you to be a part of it as we continue to redefine excellence in pipe fittings and flanges.

Sincerely,
DHANPAT SHAH
Founder
Deltainox Overseas

ABOUT US

DELTAINOX OVERSEAS is known for offering a qualitative range of steel products in the market. Aided with the dexterous team of experts, professionals, and procuring agents, we are capable of serving the demands and requirements of our valued clients. Owing to the premium quality of the products, the whole range of the products offered by us are highly regarded in the market.

We have been a preferred choice of our clients on the basis of the following key factors :

**COST
EFFECTIVE**

**OPTIMUM
QUALITY**

**TIMELY
DELIVERY**

**READY
STOCK**

VISION

To provide premium steel products, associated services, and solutions to an international customer base while utilising innovative technologies in a working environment with motivated staff members committed to work ethics, superior business standards, continuous improvement, all of which create added value.

MISSION

To establish a long-term professional business connection by offering high-quality products and services with competitive pricings.

QUALITY IN HOUSE TESTING

Quality Assurance

Our quality assurance process runs on the principles of self management, open communication with all experienced personalities with great creativity support from our team.

These principles are:

- We strive to be the best in our industry.
- We care about our customers.
- We do our absolute best to honor our commitments.
- We strive to always act with integrity and fairness.

Quality Control

We take utmost care in terms of dimensions and mechanical properties of our product to be supplied. Our each product checked by following quality procedures.

- Material Control System
- Process Control System
- Machining and Dimensional Control
- Certification and Supplementary Test

Our Excellence

We can keep high quality standards through our dedicated personnel and infrastructure. We guarantee that best quality content is used for our goods. To be sure the quality of every substance, we're supplying Materials Test Certificate together with provide. Our team of experts maintain a vigil on the quality of the goods. Each and every piece is connected with test reports and certificates, we're always improving our quality to serve our customers better.

If you are a reputed industrialist who is searching for the best quality and high-performance products for your industrial application then it is a great idea to deal with **Deltainox Overseas**.

It is an ISO certified company that manufactures supply and export excellent quality of products. We keep a large stock of products with us so that we can easily and on time, fulfill the requirements of our customers. Talking about the quality assurance, it starts by understanding the basic needs and requirements of customers which continues until the customer is fully satisfied with the product and services delivered. The procedure of quality control is purely and perfectly defines as well as thoroughly implemented by qualified professionals.

Our company is mainly developed to fulfill all the demands of our esteemed patrons, result in oriented working culture in terms of quality, cost and timely delivery. However, by enhancing and implementing advanced equipment we are aiming to reduce or have zero losses. We are also continuously improving the effectiveness in the quality management system with the training and working focus labor. We also create solid assurance program as it is essential for the safe operation with the main market where we service the product.

We also have proper quality documentation package that accompanies each and every shipment that leaves our facilities including manufacturers certified raw material test report as per the EN 10204 3.1.

The report is mill letterhead that assures our esteemed customers about the pedigree of the material of what they are in receipt of.

Hence, you can buy any product of best quality at **Deltainox Overseas** anytime and at a competitive price.
